S. Ridden by Maikel van der Vleuten, the extremely successful Grand Prix stallion Verdi TN was for many years a permanent fixture in the Dutch team and helped them to win Team Gold at the World Championships and Team Silver at the Olympic Games. The GP winner is also a first-class producer, being the sire of internationals such as New York, Bonjovi, Baronescha, Caapverdi, Cuidame, Brian and Melbourne.

DS. The international 1.50m-jumping Ultimo has already produced a number of talented horses such as NMK-champion Aviana and the internationally jumping Cavalia, Calafornia and Bolien.

S.A great future in the sport awaits the exceptionally talented Everdale thanks to his surplus of quality movement and his talent for dressage. The genetically-interesting eye-catcher was the performance test star and won the Pavo Cup. Moreover, he has also proved that he is able to pass on these valuable characteristics; numerous outstanding young talents bear witness to this.

DS. The Small Tour classified stallion Special D is registered as the sire of international dressage horses including I.P.S. Andretti, Amorak, Zaffier and Zorro.

S. The preferent Namulus R has proved he passes on many jumping qualities and is the sire of a series of international jumping horses and licensed stallions including Arthos R, Dexter R and Nintender. The offspring out of the well-known Melusiena-lineage produced Grand Prix jumping horses such as Triple X III, Tantalus, T.Sellie, Vanquish and Ventje.

DS. The international I.50m-classified Upgrade is currently being competed by Tom Brinkman and has already produced international jumping horses including Boca Upgrade VL and Cuplandra.

S. The very promising five-year-old Johnson-son, Firestone, was reserve champion at the stallion grading in Den Bosch, after which he went on to perform well in the performance test. The cooperative stallion attracts attention under Joyce Lenaerts, with his nice action and great aptitude; characteristics which he appears to pass on.

DS. Sir Sinclair performed credibly at Small Tour level and earned his Keur predicate thanks to outstanding offspring such as Zwetcher, Washington DC and Zantos.

The genetically-interesting stallion has three good basic paces, an excellent dressage model and great talent for the more difficult work. His first offspring are performing outstandingly in the foal inspections.

DS. Under Madeleine Witte-Vrees Wynton is doing well at international Grand Prix level and he has already produced many top talents including the approved son Dark President D&R.

S. Sire Ferdeaux already attracted attention during his performance test and is now catching attention under the saddle of Kirsten Brouwer. With his superb movement, his self-carriage and attitude he easily succeeded in the selections for the World Championship for young dressage horses, in Verden. Moreover, Ferdeaux appears to pass on his great qualities to his offspring.

DS. The fantastically-moving Sir Oldenburg previously served well as stud stallion in Germany, producing Grand Prix horses such as Sini Santos RF and Solid Brown.

Levering uit apothek van Dierenkliniek Horst

Dierenkliniek Horst, Amerikaanseweg 33, Horst

MMM. Zarika (1981)

S. The eye-catching stallion Dream Boy is very impressive with his strong action and talent for the most difficult exercises. Under Gerdine Marée, as a six-year-old, he won Bronze at the World Championships in Verden and also did well in the stallion competitions. His eldest progeny are three-years-old and are also bursting with potential.

DS. The nicely-moving Contender-son Mendel was himself successful at ZZ-light level before he was exported to the USA, and represents the well-known Reina-bloodline.

S. The pedigree and promising Connect combines prominent Holsteiner genes with a fine exterior, good basic paces and extra jumping talent. Last year he was approved by the KWPN with 81.5 points and was given a good report. Connect is presenting his first crop of foals this year, several of which have already attracted attention at the inspections.

DS. In addition to a fantastic career at the highest level, with Bronze at the Olympic Games, Clinton is also a successful producer, thanks to offspring such as Cornet Obolensky and Via Volo.
